Pudu Robotics provides product trainings. The training contents include knowledge of robot hardware, software system, installation methods, troubleshooting methods, etc. Pudu Robotics further provides relevant technical documents.

3.2 Extended Warranty Services

The extended warranty services can be purchased at any time during products' warranty period. It is not allowed to purchase extended warranty for products beyond warranty period. The longest extended warranty period is 4 years. The extended warranty charges please refer attached.

If extended warranty charge changes, the latest version charge shall prevail. **3.3 Door-to-door services**

Distributors are responsible for the product maintenance for end customers. If Pudu Robotics engineers are required to provide door-to-door services, charges shall be based upon actual situation.

The charging standard is 300USD/person per day (travel and accommodation fees are not included. The actual expenses shall be paid by the distributors)

4. Cancellation Policy

Distributors should ensure that end customer service is not affected when distributors terminate the contract, and distributors need to perform maintenance services during the product warranty period to ensure that the terminal-oriented product maintenance services are not terminated with the termination of the contract. After the distributors confirm the termination of the contract, if distributors cannot continue to perform terminal maintenance services, Pudu or other distributors will provide after-sales service for the market stock machines of the terminated distributors. Distributors who terminate the contract shall pay the after-sale service fee to Pudu or distributors providing the service at one time, and sign the "Service Transfer Agreement". The following standards can be referred to (it can be adjusted according to the local labor cost):

- (1) Products that have been sold: after-sales service transfer fee = (product remaining warranty days/365) * one-year after-sales service fee for a single machine;
- (2) Products that have been leased: after-sales service transfer fee = (remaining days of product rental/365) * one-year after-sales service fee for a single machine;
- (3) After-sale extended warranty: Please refer to the attached table for the standard of extended warranty for each product;
